

GENERAL MEETING 6th March 2006

Late Player Registrations

A late player registration will take effect when a current registration form has been completed in full and witnessed by a member of the opposing teams official and/or a member of the board who has no affiliation with the club requesting the registration prior to the game commencing

Moved Neil Newman, seconded Glen Philip. Carried. This will be included in the current By-Laws.

The intent of the motion is to expand the by-law for late registration of players, so that a greater number of people other than elected executive can witness the form by counter signing the form.
